Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 30 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry and bright today, but wet and windy overnight.

Today:
Cloudy and breezy in the west in the morning with outbreaks of rain and drizzle. Drier and brighter conditions in the east, spreading to all parts in the afternoon as winds temporarily ease. Very mild for the time of year. Maximum temperature 13 deg C (55 deg F).

Tonight:
A dry start, but cloud and rain soon spreading in from the south. Winds strengthening overnight as rain continues, turning heavy at times. Minimum temperature 8 deg C (46 deg F).

Friday:
Strong gusty winds on Friday, accompanied by cloud and outbreaks of rain during the morning. However, it should become drier and brighter through the afternoon. Remaining very mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Saturday to Monday:
Unsettled and often windy, with showers or longer spells of rain. However, there will be some brighter spells too, most likely on Sunday. Very mild at first but becoming colder.
